Medicine Horse Ranch Hosts:

Medicine Horse Ranch announces its
4th Annual HORSE SENSE FOR TEENS-AT-RISK™
Yummy Cioppino Feast Fundraiser Benefiting
Mountain Shadow Middle School

Circle of Sisters of St. Joseph Health System-SC

Saturday, February 27, 2010

6:00pm-10:00pm

Novato Horsemen's Clubhouse

600 Bugeia Lane

Novato, California

HORSE SENSE FOR TEENS-AT-RISK™ will provide 50 students from Mountain Shadow Middle School with an experiential learning environment that is designed to promote personal growth and leadership skills through Equine Guided Education.

“Teenagers who attend our programs are often bright, creative adolescents who want to feel more confident in a world that has become increasingly more complicated to navigate. Equine Guided Education is a unique opportunity to discover and design new life practices to fulfill on dreams and goals”, said Alyssa Aubrey Program Director of HORSE SENSE FOR TEENS-AT-RISK™.

Ms. Aubrey is a **Certified Equine Guided Educator** who personally trained her own horse Sage, a formerly wild mustang, for this work, is also a co-founder of the *Equine Guided Education Association (EGEA)*, and is a key organizer of its annual international conference.

Fundraiser highlights include fresh, fantastic CIOPINNO, an array of appetizers, salads, breads and desserts PLUS music by the Dave Hambly Band. A silent auction of unusual gifts and special services will be available.

HORSE SENSE FOR TEENS-AT-RISK™ is one of several programs offered by **Medicine Horse Ranch**. The non-profit organization, located on 1000 acres in West Marin, also provides a range of professional and personal Equine Guided Education programs for adults.

Cost of the fundraiser is \$65.00 and seating is limited. For more information, call (707) 878-2440 or buy your tickets on line now at:

www.horsesenseforteens-at-risk.org

All moneys raised by Horses Sense for Teens-at-Risk™ are received by Congressional District Programs and become the sole property of CDP, which, for internal operating purposes, allocates the funds to the Project. The Program Manager makes recommendations for disbursements, which are reviewed by CDP for approval.
